Summary

Computer Science Engineering student specializing in AI & ML with strong skills in Python, C, Web Development, and Machine Learning .

Education

SR University, Bachelor of Technology in Computer Science

Sep 2022 – May 2026

- GPA: 7.6/10.0

SR Edu Center, Higher schooling

2020 – 2022

- percentage: 80.8%

Daffodils High School, Schooling

2019-2020

- GPA: 10.0/10.0

Experience

AICTE Data Engineering Virtual Internship, Remote – India (Certificate)

June 2024 – July 2024

- Gained hands-on experience in data engineering concepts including data pipelines, ETL processes, and data warehousing using tools like Python, SQL, and Google Colab.

Technical Skills

Languages: C, Python, Data Structures and Algorithms.

Tools & Frameworks: Google Colab, PowerBI, Visual Studio

DataBases: SQL, MYSQL, MongoDB

Domain Knowledge: Machine Learning, Data Science, Data Analytics, Full Stack Development

Soft Skills

Team Collaboration and management, Time management, Problem solving, Adaptability, Leadership, Creativity, Analytical Thinking

Projects

Predicting Employee Attrition Using ML

- Built a predictive model using the IBM HR dataset to identify key factors behind employee attrition. Applied Logistic Regression, SVM, KNN, Perceptron, and Random Forest with feature selection (RFE, InfoGain). Achieved 86.5% accuracy and 0.932 AUC, aiding data-driven HR retention strategies.

Multi-Modal AI System for Predicting Post-Surgical Complications

- Developed a multi-modal AI pipeline integrating EHR, medical imaging, and vital sign data to predict post-surgical complications.
- Developed CNN, LSTM, and ensemble models on EHR, imaging, and vital sign data. Used SHAP and LIME for clinical explainability, transparency. Deployed a real-time dashboard to support early detection of post-surgical risks.

Hotel Management System (C)

- Designed a menu-driven hotel management application in C for booking, check-in/check-out, and billing.

Integrated file handling to store and retrieve guest records efficiently. Implemented user authentication with password protection for admin access.

Certifications

AWS Academy Graduate- AWS Academy Data Engineering	(Verify)	Aug 2024
AWS Academy Graduate- AWS Academy Cloud Foundations.	(Verify)	Aug 2024
CCNA: Introduction to Networks .	(Verify)	Mar 2024
CCNA: Switching, Routing, and Wireless Essentials. .	(Verify)	May 2024
